

**Proposed Updates to the San Jacinto Flood Plan Mitigation and Floodplain Management Goals**

Goal ID	Goal Theme	Goal	Target Year	How will the Goal be Measured	Overarching Goal	Status of Goal	Percent of Goal	Status Description
06-20-0000000001	Multiple	There will be 0 flood-related fatalities annually within the San Jacinto region by 2053.	2053	Number of direct flood-related fatalities	Protect against loss of life and property (31 TAC §362.3.b.13-14)	No	0	<b>No Change to Goal</b> 1 death in Harris county in Houston, TX on July 8, 2024.
06-20-0000000002	Funding	Increase the value of state and federal funds awarded within the San Jacinto Region by 10%.	2033	State and federal funds awarded to communities within the San Jacinto region	Protect against loss of life and property (31 TAC § 362.3.b.13-14)	Yes	100	<b>Status Complete, Adopt New Goal Clarifying Baseline and Type of Funds (New Goal 06-20-0000000017)</b> 15 FIF Projects; \$64,450,947 committed funds as of August 2025.
06-20-0000000003	Roadway and early warning systems	Reduce the miles of major roadways subject to inundation during the 100-year event by 10% by 2033.	2033	Number of miles of major thoroughfares subject to 100-year flood risk	Protect against loss of life and property (31 TAC § 362.3.b.13-14)	No	0	<b>No Change to Goal</b> Estimated Risk Reduction of Roadway Miles if Every FMP is Implemented: 1,949 Total Roadway Miles: 4,350 Theoretical Percent: 45%
06-20-0000000004	Roadway and early warning systems	Reduce the miles of major roadways subject to inundation during the 100-year event by 25% by 2053.	2053	Number of miles of major thoroughfares subject to 100-year flood risk	Protect against loss of life and property (31 TAC §362.3.b.13-14)	No	0	<b>No Change to Goal</b> Estimated Risk Reduction of Roadway Miles if Every FMP is Implemented: 1,949 Total Roadway Miles: 4,350 Theoretical Percent: 45%
06-20-0000000005	Funding	Increase the number of public entities that invest in stormwater infrastructure and planning by 10% by 2033.	2033	Number of public entities that dedicate funding towards stormwater infrastructure and planning	Protect against loss of life and property (31 TAC § 362.3.b.13-14)	Yes	65	<b>No Change to Goal</b> FMEs elevated to FMPs Progress documented based on 93 Flood Regulatory Authorities
06-20-0000000006	Funding	Increase the number of entities that invest in stormwater infrastructure and planning by 25% by 2053.	2053	Number of public entities that dedicate funding towards stormwater infrastructure and planning	Protect against loss of life and property (31 TAC § 362.3.b.13-14)	Yes	26	<b>No Change to Goal</b> FMEs elevated to FMPs Progress documented based on 93 Flood Regulatory Authorities
06-20-0000000007	Floodplain Management	All flood regulatory authorities within the region will adopt standards equal to or exceeding minimums as recommended by the San Jacinto RFPG in the first cycle of regional flood planning.	2033	Number of flood regulatory authorities that adopt standards equal to or exceeding recommended minimums by the RFPG in the first cycle	Consider floodplain management and development regulation (31 TAC § 362.b.6-7,26)	Yes	82	<b>No Change to Goal</b> Flood Regulatory Authorities with Higher Standards: 76 Total Flood Regulatory Authorities: 93
06-20-0000000008	Outreach and Education	Improve interjurisdictional coordination through participation in the SJRF Planning process. Target to ensure that 50% of identified stakeholders complete the SJRFP stakeholder survey and provide data for inclusion in the RFP by 2033.	2033	Number of identified stakeholders who submit survey responses or provide data for inclusion in the San Jacinto Regional Flood Plan	No neighboring areas are negatively affected and consider floodplain management and development regulation (31 TAC § 362.3.b.6-7,10,26)	Yes	23	<b>No Change to Goal</b> Stakeholders Involved: 125 Total number of Entities: 1,101 Goal is based on 50%

Goal ID	Goal Theme	Goal	Target Year	How will the Goal be Measured	Overarching Goal	Status of Goal	Percent of Goal	Status Description
06-20-0000000009	Outreach and Education	Improve interjurisdictional coordination through participation in the SJRF Planning process. Target to ensure that 90% of identified stakeholders complete the SJRFP stakeholder survey and provide data for inclusion in the RFP by 2053.	2053	Number of identified stakeholders who submit survey responses or provide data for inclusion in the San Jacinto Regional Flood Plan	No neighboring areas are negatively affected and consider floodplain management and development regulation (31 TAC § 362.3.b.6-7,10,26)	Yes	13	<b>No Change to Goal</b> Stakeholders Involved: 125 Total number of Entities: 1,101 Goal is based on 90%
06-20-0000000010	Studies	Expand the understanding of flood risk in the San Jacinto region.	2033	Percentage of the floodplain quilt, by studied stream length, that is based on NOAA Atlas 14 rainfall data	Based on the best available science, data, models, and flood risk mapping (31 TAC § 362.3.b, 2)	Yes	100	<b>Status Complete</b> Region Mapped by Atlas 14
06-20-0000000011	Critical Facilites	Reduce the number of critical facilities subject to inundation during the 100-year event by 5% by 2033.	2033	Number of critical facilities subject to 100-year flood risk	Protect against loss of life and property (31 TAC § 362.3.b.13-14)	No	0	<b>No Change to Goal</b> Estimated Risk Reduction of Critical Structures if Every FMP is Implemented: 2,425 Total Critical Structures: 3,185 Theoretical Percent: 76%
06-20-0000000012	Critical Facilites	Reduce the number of critical facilities subject to inundation during the 100-year event by 20% by 2053.	2053	Number of critical facilities subject to 100-year flood risk	Protect against loss of life and property (31 TAC § 362.3.b.13-14)	No	0	<b>No Change to Goal</b> Estimated Risk Reduction of Critical Structures if Every FMP is Implemented: 2,425 Total Critical Structures: 3,185 Theoretical Percent: 76%
06-20-0000000013	Nature-based	At least 35% of all flood mitigation strategies (FMSs) and flood mitigation projects (FMPs) identified within the regional flood plan will incorporate nature-based practices by 2033.	2033	Number of FMSs and FMPs that incorporate nature-based practices as defined within the San Jacinto Regional Flood Plan	Include nature-based features (31 TAC § 362.3.b. 17,24)	Yes	11	<b>No Change to Goal</b> 2 out of 106 Recommended FMPs with NBS Practices 5 out of 76 Recommended FMSs with NBS Practices Goal is based on 35%
06-20-0000000014	Nature-based	At least 90% of flood mitigation strategies (FMSs) and flood mitigation projects (FMPs) identified within the regional flood plain will incorporate nature-based practices by 2053.	2053	Number of FMSs and FMPs that incorporate nature-based practices as defined within the San Jacinto Regional Flood Plan	Include nature-based features (31 TAC § 362.3.b. 17,24)	Yes	4	<b>No Change to Goal</b> 2 out of 106 Recommended FMPs with NBS Practices 5 out of 76 Recommended FMSs with NBS Practices Goal is based on 90%
06-20-0000000015	Structures and Population	Reduce the number of structures subject to inundation during the 100-year event by 25% by 2053.	2053	Number of structures subject to 100-year flood risk	Protect against loss of life and property (31 TAC § 362.3.b.13-14)	No	0	<b>No Change to Goal</b> Estimated Risk Reduction of Structures if Every FMP is Implemented: 71,812 Total Structures: 240,093 Theoretical Percent: 30%
06-20-0000000016	Infrastructure	Collect 75% of infrastructure data from flood regulatory authorities by 2038.	2038	Number of flood regulatory authorities providing infrastructure data through survey and outreach efforts	Based on the best available science, data, models, and flood risk mapping (31 TAC § 362.3.b, 2)	No	0	<b>New Goal to Adopt Based on Asset Management Interest from Survey Feedback</b>
06-20-0000000017	Funding	Increase the FIF funds awarded within the San Jacinto Region by 10% based on \$65 million previously awarded as of August 2025.	2038	FIF funds awarded to communities within the San Jacinto region	Protect against loss of life and property (31 TAC § 362.3.b.13-14)	No	0	<b>New Goal to Adopt</b>
